

Module 7 – Social and Behaviour Change- Child Protection

Session 1: Introduction

Duration: 1:15 minutes

Welcome to Module 7 Social and Behaviour Change and Child Protection of the Child Protection E-Learning Course.

This module is an introduction to the concept of SBC and communication skills that will help make the trainings undertaken on child protection effective and productive. In addition, the module talks about communication skills required to talk to children such as active listening, empathy and teamwork, amongst others.

The later part of the module covers the facilitation skills required to train professionals engaged in child protection activities. The module can be used for not only training the CP task force but also for training the trainers. The module also covers adult learning principles and different learning styles.

Session 1.1: Understanding Social and Behaviour Change

Objectives:

At the end of the session, participants will be able to:

- describe five levels of SEM (Socio-Ecological Model)
- list out sections of community representing each level of SEM
- define social and behaviour change

Let us begin with an activity.
